- B1/B2 Visa

WORK EXPERIENCE

Captain and management

2024 - today

Company: Victoria Yates

Gijón, Asturias

- I started a charter company in my home city, Gijón, in the north of Spain.
- We bought and oversaw a complete restoration and maintenance of a classic 46ft / 970hp Hatteras sportfisher, gaining hands-on experience in repairs and refits, works organization, supplies, materials, and mechanics.
- Captain of the vessel for the summer season.
- We operate charters and nautical experiences, snorkeling and private tours.
- Managing the company allowed me to gain a solid understanding of a captain's operational and managerial responsibilities, the importance of customer service, and the significant legal liability.
- Running charter operations as captain, gained experience at: safety requirements and emergency situations, nautical law, and a lot of navigation in different weather situations.
- At the same time, we developed an extensive social media and marketing strategy, gaining strong experience in this area and achieving significant, proven results.

OTHER SKILLS

- Plotting and electronic charts
- Night navigation
- Fishing
- Spear-fishing and freediving
- Videography and content creation
- Drone pilotage
- Radar plotting and CPA
- Engine inspections
- Professional diving works and inspections
- Anchoring operations
- Plumbing
- Sanding, filling, painting, polishing...
- Fiber works
- Teak restoration
- Detailing cleaning
- Astronomical navigation
- Watersports briefing
- Team work and leadership based in responsibility
- **Languages:** English (advanced), Spanish (native)
